I. Nominations

1. Nominations Committee
On or before February 1 of each year, the President shall appoint a Nominations Committee which shall consist of the immediate past president as Chair and two or more members of the Society elected by the AdCom. The Chair reports to the President. The Chair of Nominations Committee shall not be eligible to be elected to the governing body during their term of service. If a past president who is an AdCom member-at-large is appointed Chair of the Nominations Committee, the Chair will not have voting rights during the elections for AdCom members, the Executive Vice President and the President. A member of the Nominations Committee may be nominated and run for a position for which the Nominations Committee is responsible for making nominations only on the following conditions: (i) the nomination is not made by a member of the Nominations Committee and (ii) the member resigns from the Nominations Committee prior to its first meeting of the year in which the nomination shall be made.

2. Nominations
The Nominations Committee shall submit to the AdCom at least one name of a member of the Society for each vacancy to occur in the AdCom for terms expiring December 31. In addition, the Chair of the Nominations Committee shall cause to be published and distributed to the entire Society membership a Call for Nominations.

A nominating petition carrying a minimum of 2% of the names of eligible Society members, excluding students, shall automatically place that nominee on the slate. Such nominations must be made at least 28 days before the date of any said election.

Prior to submission of a nomination petition, the petitioner shall have determined that the nominee named in the petition is willing to serve, if elected; evidence of such willingness to serve shall be submitted with the petition.

Petition signatures can be submitted electronically through the Society website, or by signing and mailing a paper petition. The name of each member signing the paper petition shall be clearly printed or typed. For identification purposes of signatures on paper petitions, membership numbers or addresses as listed in the official IEEE membership records shall be included. Only signatures submitted electronically through the Society website or original signatures on paper petitions shall be accepted.

3. Nominations Committee Guidelines
The Nominations Committee, in its nominations, and the Administrative Committee, in its elections, shall be guided in their selection by principles of efficiency, geographical distribution, organizational distribution, non-
discrimination, and gender balance. In the interest of continuity in Society affairs, the Executive Vice-President shall normally be included on the slate for President the next year.

II. Elections and Officer Duties

1. AdCom Election
The slate derived by the Nominations Committee shall be presented to the Society membership at large via mail or email ballot prior to September 1, and the three candidates receiving the greatest number of votes shall be elected. The AdCom shall hold an Annual Meeting each year after the results of this vote are known at which time elections will be held to fill the remaining vacancies in the AdCom to occur on the succeeding January 1. The AdCom may add nominees if any member thereof sees fit to do so. The process will involve nominations followed by discussion of the candidates, and then voting. When there are more candidates than vacant positions, votes will be taken and the candidate(s) receiving the fewest votes will be dropped. Voting will be repeated successively to eliminate the candidate(s) with the fewest votes until the desired number of candidates have been elected by majority vote of the AdCom.

The AdCom may hold a contingent election, to be effective in case an elected member fails to take office, or a disapproval of an elected member is received from Headquarters. The names of the elected members shall be transmitted by the President to the IEEE Vice President of the Technical Activities Board, who will transmit them to the IEEE Executive Committee. Unless disapproval of such elected members is received within 60 days of such transmittal, the elections shall become final. The AdCom, at its November Meeting, shall also elect the President and Executive Vice-President of the AdCom for the year beginning on the succeeding January 1.

If a majority of the members of the Administrative Committee do not object within 30 days from date of oral or electronic submission, the appointment shall become final. If a majority of the members of said AdCom object, a new name must be submitted prior to AdCom February/March meeting. The incumbent Secretary shall remain in office until a successor is appointed and assumes the responsibilities of the office. The Secretary will prepare minutes for

Any electronic motion being proposed by an AdCom member must first be submitted to the President. The President will (i) put the motion on the website (ii) announce that there is a motion that has been posted on the website, and refer voting AdCom members to the website for details and (iii) state the final date of the ballot.

If in consultation with the ExCom, the motion is considered to be inappropriate for electronic voting, the proposer will be informed, and the motion will be tabled for discussion at the next AdCom meeting. All discussions, following the posting of the motion on the website are to be conducted through the GRSS website and not by open e-mail.

Electronic voting will have three choices: Yes, No, and Hold. If more than 50% of those eligible to vote, indicate “yes”, the motion will carry. If more than 50% of those eligible to vote indicate “no” or “hold”, the motion shall be scheduled for discussion at the next AdCom meeting.

The results of the vote shall be confirmed promptly in writing or by electronic transmission. The writings and/or electronic transmissions shall be filed with the minutes of the proceedings of the AdCom or any committee thereof.
