

CALL FOR PAPERS
IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing
Special Issue on
“IEEE 2024 International Geoscience and Remote Sensing Symposium (IGARSS 2024)”

The IEEE 2024 International Geoscience and Remote Sensing Symposium (IGARSS 2024) is held on July 7-12, 2024. IGARSS is a major scientific and technical event in Remote Sensing and the premier Symposium of the IEEE Geoscience and Remote Sensing Society (GRSS).

Along with the conference, a special issue of the IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing (J-STARS) has been planned, open to the Authors of all papers presented during the conference.

Please note that papers submitted to this J-STARS special issue should NOT be the same as the IGARSS conference papers. A 2 to 3 times longer paper is typically expected, with a more detailed presentation of the work, enhanced techniques and approaches, including additional data sets and comparisons in an enhanced experimental section.

In the cover letter, please provide the corresponding paper number for IGARSS 2024. If this information is not provided, the paper will be considered as a regular submission.

Format

All submissions will be peer reviewed according to the IEEE Geoscience and Remote Sensing Society guidelines. Submitted articles should not have been published or be under review elsewhere. Submit your manuscript on <http://mc.manuscriptcentral.com/jstars>, using the Manuscript Central interface and select the “IGARSS 2024” special issue manuscript type.

Prospective authors should consult the site <http://ieeexplore.ieee.org/stamp/stamp.jsp?tp=&arnumber=9082768> for guidelines and information on paper submission.

All submissions must be formatted using the IEEE standard format (double column, single spaced). For a template in this format please see http://www.ieee.org/publications_standards/publications/authors/author_templates.html. Please note that since Jan. 1, 2024, IEEE J-STARS, as a fully open-access journal, is charging a flat publication fee \$1,496 per paper.

Schedule

Oct. 1, 2024: Submission system opening
Apr. 30, 2025: Submission system closing

Guest Editors

George Choumos, National Observatory of Athens, Athens, Greece (g.choumos@noa.gr)
Charalampos (Haris) Kontoes, National Observatory of Athens, Athens, Greece (kontoes@noa.gr)
Konstantinos Karantzas, National Technical University of Athens, Athens, Greece (karank@central.ntua.gr)
Iphigenia Keramitsoglou, National Observatory of Athens, Athens, Greece (ik@noa.gr)
Vito Pascazio, Università degli Studi di Napoli “Parthenope, Napoli, Italy (vito.pascazio@uniparthenope.it)
Nikolaos Stathopoulos, National Observatory of Athens, Athens, Greece (n.stathopoulos@noa.gr)
