

CALL FOR PAPERS

IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing

Special Issue on

“IEEE India Geoscience and Remote Sensing Symposium (InGARSS 2025)”

The IEEE India Geoscience and Remote Sensing Symposium (IEEE InGARSS) series is the flagship regional conference of the IEEE Geoscience and Remote Sensing Society (GRSS) organized in India. The 2025 IEEE India Geoscience and Remote Sensing Symposium (InGARSS 2025), the fifth edition of this conference, was held at the International Institute of Information Technology, Bhubaneswar, from December 10-13, 2025. InGARSS 2025 provided a platform for sharing knowledge and experience on recent developments and advancements in geoscience and remote sensing technologies, particularly in earth observations and disaster monitoring relevant to the Indian subcontinent and others.

A special issue of the IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing (J-STARS) has been planned. It is open to the authors of all papers presented during the InGARSS 2025. The papers submitted to this J-STARS special issue should NOT be the same as the InGARSS 2025 conference papers. A 2-3 times longer paper is typically expected, with a more detailed presentation of the work, enhanced techniques, and approaches, including additional data sets and comparisons in an enhanced experimental section.

Please provide the corresponding paper ID from the Microsoft CMT conference submission portal for InGARSS 2025 in the cover letter. If this information is not provided, the paper will be considered as a regular submission.

Schedule:

February 1, 2026: Submission system opening

May 31, 2026: Submission system closing

Format:

All submissions will be peer-reviewed according to the IEEE Geoscience and Remote Sensing Society guidelines. Submitted articles should not have been published or be under review elsewhere. Submit your manuscript on <http://mc.manuscriptcentral.com/jstars>, using the Manuscript Central interface, and select the “InGARSS 2025” special issue manuscript type. Prospective authors should consult the site <https://ieeexplore.ieee.org/stamp/stamp.jsp?tp=&arnumber=9082768> for guidelines and information on paper submission. All submissions must be formatted using the IEEE standard format (double-column, single-spaced). Please visit http://www.ieee.org/publications_standards/publications/authors/author_templates.html to download the article template.

Please note that as of Jan. 1, 2020, IEEE J-STARS has become a fully open-access journal charging a flat publication fee \$1,800 per paper.

Guest Editors:

- Avik Bhattacharya, *Indian Institute of Technology, Bombay, India* (avikb@csre.iitb.ac.in)
- Antonio Plaza, *University of Extremadura, Spain* (aplaza@unex.es)
- Susmita Ghosh, *Jadavpur University, Kolkata, India* (susmita.ghoshde@jadavpuruniversity.in)
- Paolo Gamba, *University of Pavia, Italy* (paolo.gamba@unipv.it)
