CALL FOR PAPERS
IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing

Special Issue on
"2026 IEEE Asia-Pacific Geoscience and Remote Sensing Symposium (AP-GARSS 2026)"

The 2026 IEEE Asia-Pacific Geoscience and Remote Sensing Symposium (AP-GARSS 2026) will be held on October 11–14, 2026, in Qingdao, China. Fully sponsored by the IEEE Geoscience and Remote Sensing Society (GRSS), AP-GARSS provides an important scientific and technical forum for researchers and professionals in geoscience, remote sensing, and Earth observation. The inaugural AP-GARSS has received approximately 1,250 paper submissions, demonstrating the strong interest and active participation of the remote sensing community in the Asia-Pacific region and beyond.

Along with the conference, a special issue of the IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing (J-STARS) is being coordinated and will be open to the authors of all papers presented during the conference.

Please note that papers submitted to this J-STARS special issue should NOT be the same as the AP-GARSS 2026 conference papers. A longer paper, typically 6 to 10 pages, is expected, with a more detailed presentation of the work, enhanced techniques and approaches, and additional datasets, experiments, and comparisons.

In the cover letter, please provide the corresponding AP-GARSS 2026 paper number. If this information is not provided, the paper will be considered a regular submission to the journal.

Schedule

20 October 2026	Submission system opening
28 February 2027	Submission system closing

Format

All submissions will be peer reviewed according to the IEEE Geoscience and Remote Sensing Society guidelines. Submitted articles should not have been published or be under review elsewhere. Submit your manuscript at http://mc.manuscriptcentral.com/jstars using the Manuscript Central interface and select the **"2026 IEEE Asia-Pacific Geoscience and Remote Sensing Symposium (AP-GARSS 2026)"** special issue manuscript type. Prospective authors should consult https://www.grss-ieee.org/publications/jstars-information-for-authors/ for guidelines and information on paper submission. All submissions must be formatted using the IEEE standard format (double-column, single-spaced). Please visit http://www.ieee.org/publications_standards/publications/authors/author_templates.html to download a template for the journal. Please note that since 1 January 2025, IEEE J-STARS, as a fully open-access journal, charges a flat publication fee of $1,800 per paper.

Guest Editors

Zhihui Yuan	Changsha University of Science and Technology, China (yuanzhihui@csust.edu.cn)
Shanshan Mu	Institute of Oceanology, Chinese Academy of Sciences, China (mushanshan@qdio.ac.cn)
Yuwan Xue	University of Electronic Science and Technology of China, China (xueywuestc@gmail.com)
